**THIS IS
YOUR
MAXTON**

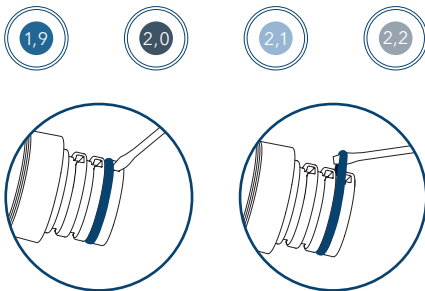

**EXPERIENCE
THE SOUND OF THE
FUTURE**

QUICK-TIPS

- The Tone-Rings do not require any grease.
- Use a thicker Tone-Ring at the top.
- Clean and dry your mouthpiece with a soft cloth after use. If needed, use a mouthpiece cleaner.
- Ensure that the reed is centered, with the tip neither too high nor too low.
- Avoid overtightening the ligature, as this can restrict the reed's natural vibration.

THIS BOX INCLUDES:

- Your MAXTON Mouthpiece
- BG Mouthpiece Cushion
- 1x Mini screwdriver
- Tone-Rings in different sizes:

MORE

- Mini - Guides („How to test mouthpieces“, „Improve your Air-flow“, and many more...)
